

15th February 2018

NOTICE REGARDING NATIONAL DEWORMING DAY

Dear Parents,

This is to inform you that with regards to the Circular No: Academic- 04/2018 dated 08/02/2018 sent by the CBSE about 'National Deworming Day' you are requested to read the circular and give the appropriate dose of the deworming tablet to your ward.

For any further details kindly contact the number and refer to the link given in the circular.

Your support and cooperation will help in the successful implementation of this program.

Thank you

Principal

केन्द्रीय माध्यमिक शिक्षा बोर्ड
CENTRAL BOARD OF SECONDARY EDUCATION

CBSE/Academic/Circular/2018

Circular No.: Academic - 4/ 2018

Date: 08/02/2018

All Heads of school affiliated to CBSE

Subject: School participation in 'National Deworming Day' program reg.

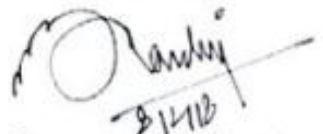

The Government of India is committed towards a worm-free future for the children of India. In order to reduce the load of intestinal worm and related morbidity in the country, the Ministry of Health & Family Welfare with support from Ministry of Women & Child Development and Department of School Education & Literacy under Ministry of Human Resource Development has initiated National Deworming Day (NDD) all over the country, where all children from 1-19 years of age are given deworming tablet through the platform of schools and anganwadi centers.

The NDD round will be implemented across the country during February 2018. A detailed NDD toolkit containing operational guidelines, monitoring checklists, FAQs and Factsheets is uploaded on National Health Mission's website. All Heads of school affiliated to CBSE are required to ensure effective implementation and increased coverage of the program.

The following steps are suggested for effective coverage of targeted children with deworming tablets during the NDD round:

1. On February 10, 2018, ensure that all children of your school (1-19 years of age) chew deworming tablet (Albendazol 400mg) as per instruction given on National Health Mission's website: <http://nhm.gov.in/nrhm-components/rmnch-a/child-health-immunization/national-deworming-day-2016/national-deworming-day-february-2018.html>
2. If any child cannot chew deworming tablet on 10 February, 2018; then please ensure that they chew deworming tablet on the 'mop-up day' on 15 February, 2018.
3. For any query please contact Mr. Ratish Kumar, Consultant (NDD) at 9871190397, ratish.nddmohfw@gmail.com

Your support and cooperation is expected for successful implementation of the program.

(Dr. Sanyam Bhardwaj)
Director (Academic)
