

**DOMINIC SAVIO KINDERGARTEN, NERUL**  
**NOTICE FOR PRE - PRIMARY**  
**CCA - FUN WITH PAPER FOLDING (ORIGAMI) COMPETITION**

**Date: 22<sup>nd</sup> October, 2019**

Dear Parents,

We adore Origami for Kids, we love the magic of turning a piece of paper into something creative. This is the most exciting art. Origami is fascinating, one square of paper can be turned into so many things.

Paper folding develops eye hand co-ordination, sequencing skills, maths reasoning, spatial skills, memory, patience and attention skills. It also allows kids to develop fine motor skills and mental concentration. All of this combined stimulates the brain especially when both hands are being used at the same time.

Keeping this in mind Dominic Savio Kindergarten, Nerul is organising a CCA Fun with Paper folding (Origami) for Pre – Preparatory and Preparatory students on 19<sup>th</sup> November 2019 during school hours.
