### Donate for a Cause – COVID -19 - DON BOSCO REACHING OUT

#### UPDATE: 28<sup>th</sup> April 2020

Ulwe Gavraon gav is a fishing village community that has a small catchment area for fish. Unfortunately a sizeable number of fisher folk are not in the habit of savings. Hence this extended lockdown period has put a great strain on their resources. They have not been able to go to sea for more than a month and hence, it has become extremely difficult to meet their food requirements.

Don Bosco Nerul went 3 days prior to distribution, we were contacted by 3 of our ex-students from this village, who had completed a training course in our institution. Heeding their call, some staff went to survey the village, do a research on their current situation, estimate the number of families that really would require help. We then asked our students living there to make a list of the most needy and on receiving that list, Don Bosco Nerul distributed a few packets and left the rest for the students to distribute, a packet of food grains and condiments to each of those needy families on that list.

Thank you for your continued Prayers and Support!

Stay safe, stay Blessed!
