

Dear Parent and Student.

♂ □ *The Need of the Hour Has come* during challenging times to do challenging things *which you have never done before for yourself and your family.*

Adventure Education Tours Pvt Ltd which conducts our Schools Outdoor Experiential trips have come up with a Unique In House Lockdown *VIRTUAL FIELD TRIP* program of *becoming a farmer not at a Farm but in your own

house* with Gauranteed results.

□ *THE VIRTUAL FIELD TRIP* is a Workshop for 2 sessions on 24th April 2020- Theory and 25th April 2020 -Practical (Between 4pm to 6.30pm) involving

1. Intro to Microgreens & Sprouts
2. Nutritional benefits
3. Selection of Seeds from Pantry (Kitchen)
4. How to grow with material available in house.
5. Taking Care & Harvesting
6. Recipes

where by we will not only have the *theory teaching but practical hands on experience with life skill activities and creative innovations to make your child an *in house farmer* who can grow basic essential foods to sustain himself or herself and also get trained to adapt during challenging times to take care of self and the family and also teach others as well.

This is not a School Session or homework

But Once in A Lifetime Opprtunity to give your child and Experience and Surprise your child and explore his or her talents to survive and learn new innovations under such challenging situations.

□ *We have very limited Webiner Seats* on a first come first serve basis, as the demand is very high.

Investment for the Parents for this Golden Opportunity for *your Child is Just Rs 200/-*
